

## ADVANCED LIPID INTERMEDIATES

# Bis(octyloxy)butanoic acid

Product No. **O60615-01**

4,4-bis(octyloxy)butanoic acid

## PRODUCT INFORMATION

|                   |                                                |
|-------------------|------------------------------------------------|
| Product Number    | O60615-01                                      |
| CAS Number        | 1799317-43-3                                   |
| Chemical Name     | 4,4-bis(octyloxy)butanoic acid                 |
| Molecular Formula | C <sub>20</sub> H <sub>40</sub> O <sub>4</sub> |
| Molecular Weight  | 344.54                                         |
| Available Sizes   | mg, g, bulk                                    |
